## President's Corner

### Happy New Year

We made it! Finally out of 2020 with hope on the horizon!

I want to thank the membership for a memorable year. Looking back, little did we know the challenges our country was going to face in 2020. AARC managed to hold two in person meetings before transitioning to a virtual meeting format. Thank all of you for staying with us through our growing pains in the virtual world, but I think we have mastered it and remained very active!

Our "Holiday Extravaganza" proved to be informational and fun. We learned some interesting facts about some of the club members. If you did not attend, did you know we have club members that:

1. Won an Emmy
2. Were clinically dead for 45 minutes before being resuscitated
3. Were born in Tripoli
4. Flew in a Bi-plane over Martha Stewart's house
5. Worked with the person that eventually found the Titanic wreckage

Price Woolrige, Mr. Emmy winner, was recognized as the Ham of the Year for his outstanding service to the club. Among other contributions to the club, he is our net control for the Wednesday night 2M net and always does a great job.

It was great to have Mary, AE6Q, Ms. Born in Tripoli, with us as last year's recipient of the award, to announce this year's winner.

Our new Vice President, Jack Weaver, AA5VZ, has some great programs teed up for the year. We will have a yearlong series called "Getting Started". This month will be, Getting Started with Satellite Operations. Some future programs planned are:

- Learning and using CW
- Raspberry Pi for the Shack
- Learning and Building with the Arduino
- Traffic Handling on DFW Nets
- Looking Across 100 Years of Amateur Radio

Our January meeting is on January 15<sup>th</sup> via Zoom. The Board will meet at 6:30, and the membership at 7:30. Everyone is welcomed to attend the board meeting if you desire. Be on the lookout for the email with the link. It should be the same one we have been using.

And, just a reminder, annual membership dues for 2021 are now due! You can pay them on the website, [k5sld.com](http://k5sld.com).

If you have any questions, feel free to give me an email or call. My email is [k5nn@att.net](mailto:k5nn@att.net) and my cell is 214-536-9726.

We hope to see you on the 15<sup>th</sup>.

## Announcements

### January 2021 program

#### Getting Started with Satellite Operations.

It should be an interesting program so we hope you will all join us via Zoom.

#### Newsletter Submissions

Submissions for the newsletter are due by the Saturday preceding the monthly club meeting. I would prefer to receive them in Word format or in a text editor like Notepad. If you can avoid it please don't send it in PDF format, as it is a pain to tear apart a PDF, if I need to change any formatting.

## Warning sirens

The City Of Arlington tests its outdoor warning sirens at 1:00 pm on the first Wednesday of each month, using volunteer observers, most of whom are hams reporting into a net held on the AARC's 2m repeater (147.140+, PL 110.9). Check-ins begin during the noon hour, and the test typically concludes before 1:30 pm. More observers are always needed, so please consider helping with this valuable effort if you can spare about an hour at lunchtime once a month.

For more information, contact the Office Of Emergency Management (817-459-6939).
